RE: THANKS FOR THE DONATION
OF THE FEE I RECEIVED.

Kindly please refer to the letter head above. My name is JANEIH JOVIH. I am a 20 years old girl, I am studying college of Agriculture and Livestock, IGABIRO, in the field of Agriculture, I have just completed my first year of studies.

I offer my sincere thanks for the contribution of the fee I received from you, I say thank you for helping me in my studies and I ask you to continue to have a heart of compassion and love.

My dream is to continue up to the level of diploma and even get to university so that I can get enough knowledge and after graduation I can help all farmers in our society who are the major producers of food and raw materials used in industry to grow the national economy through industrial Agriculture. Thanks first.

Yours Obedient
J. JoviH.

JANEIH JOVIH.
